

SOUND BLASTER KATANA V2X

Sound Blaster Katana V2X Tri-amplified Multi-channel Super X-Fi Gaming Soundbar with Compact Subwoofer

Introducing Sound Blaster Katana V2X, the latest to join the ranks of our top-performing gaming soundbars with its powerful audio and all the finest features of its predecessors, but with a much compact subwoofer that is 40% smaller than Katana V2. For those looking for a discreet subwoofer, the Sound Blaster Katana V2X is a smart choice for rooms with space constraint.

Hear the details in quieter moments or action scenes that will simply blow you away! Experience immersive spatial audio through our award-winning tri-amplified five-driver design, Super X-Fi® technology, and 5.1 virtual surround—all crafted for the ultimate gaming experience at the comfort of home. Connection is seamless too with USB audio, convenient HDMI ARC, *Bluetooth*® 5.0 technology for wireless audio streaming, optical-in, SXFI-out, and a 3.5 mm AUX-in for analog audio. The soundbar also comes with dual built-in beamforming microphones if you want to quickly hop onto a chatroom on Discord with your team, or even for your online meetings.

Whether you are gaming, watching movies, or listening to music, bring all your entertainment to life with the Sound Blaster Katana V2X!

POWERFUL AUDIO WITH REDESIGNED COMPACT SUBWOOFER

Enjoy stunning audio clarity with the Sound Blaster Katana V2X's game-changing tri-amplified amps, powered by our proprietary multi-core DSP chip. For those with space constraint, the discreet subwoofer is 40% smaller than Katana V2 and is an ideal choice for smaller rooms without compromising audio quality

5.1 MULTI-CHANNEL IMMERSIVE AUDIO PLAYBACK

Experience crystal clear and impressive room-filling sound with its 5.1 channel playback and peak power up to 180W. The Sound Blaster Katana V2X is also a certified Dolby Audio decoder via HDMI ARC and optical connection, so it can recreate the all-familiar cinematic experience in the comfort of your own home from a Dolby-certified source

AWARD-WINNING SUPER X-FI TECHNOLOGY AND SXFI BATTLE MODE VIA HEADPHONES

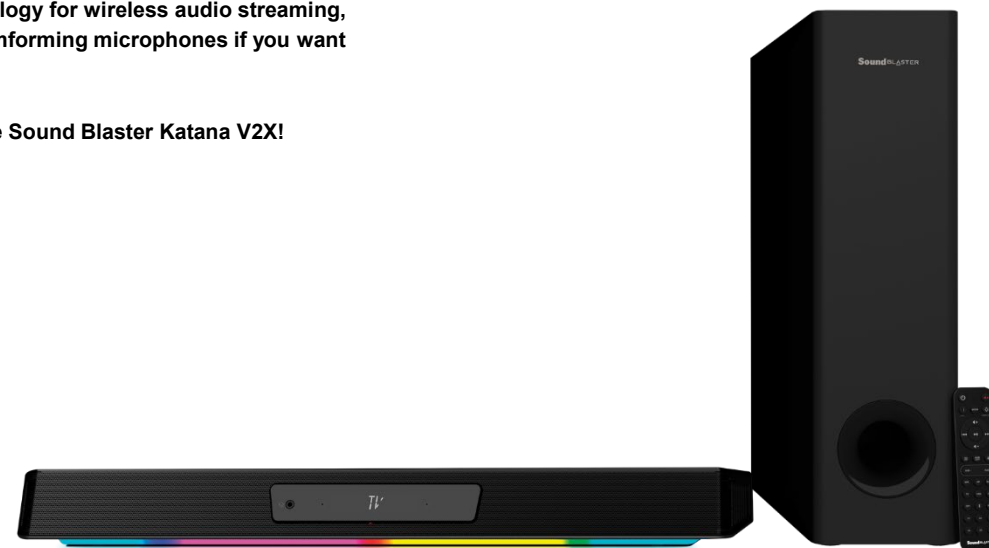

Personalize your headphone experience with Super X-Fi for the most optimized and realistic listening experience. Gain competitive advantage in FPS games with SXFI BATTLE Mode and have the upper hand by accurately pinpointing your enemy's location just by hearing the sound of their footsteps

VERSATILE CONNECTIVITY AND BUILT-IN MICROPHONE

Enjoy seamless connectivity options, including USB, HDMI ARC, optical port, as well as wireless *Bluetooth* 5.0. It works with various platforms, from gaming consoles as well as PC, Mac and mobile devices too. It also incorporates built-in beamforming microphones for you to jump on calls directly from the soundbar

CUSTOMIZABLE CONTROLS AND RGB LIGHTING

Besides the basic audio controls, access custom functions saved onto one of the six customizable buttons on the remote control. You can also further tune the soundbar's audio performance to suit your liking with Sound Blaster's processing technologies, RGB presets, and EQ settings via the Creative app

Technical Specifications	
Power Output	<ul style="list-style-type: none"> • Soundbar Power Output: 50W RMS • Subwoofer Output: 40W RMS • Total System Power: Up to 90W RMS (Up to Peak: 180W)
Frequency Range	<ul style="list-style-type: none"> • 50–20,000 Hz
Microphones	<ul style="list-style-type: none"> • 2 x MEMS microphones²
Operating Temperature	<ul style="list-style-type: none"> • 0–40°C
Bluetooth version	<ul style="list-style-type: none"> • Bluetooth 5.0
Bluetooth Operating Frequency	<ul style="list-style-type: none"> • 2402–2480 MHz
Supported Bluetooth Profiles	<ul style="list-style-type: none"> • A2DP (Advanced Audio Distribution Profile)¹ • AVRCP (Audio / Video Remote Control Profile)
