

Neo Forza (Plug-n-Play) Modules

Meticulously-Binned · High-Reliability DRAM

- Wide Compatibility Across Boards
- QVL with Latest Intel® & AMD® based Platforms

MIT Made In Taiwan

LifeTime Warranty

Stringent Procedures

Good CAS Timings

**ROBUST
LONGEVITY
LOW POWER CONSUMPTION**

Conformance · Compatibility

Deeply entrenched in the industry, the company has since been working closely with principals and PC board manufacturers to assuring consumers excellent compatibility amongst mainboard brands.
