 Lightweight,
 Truly a Time Saver

Portable SSD KE31

240GB · 480GB · 960GB

USB3.1 Gen1 High speed transmission

- High speed / No noise / Power saving / Shock-proof
- Compatible with PC & Mac computers-no drivers needed
- Support for Mac / Windows / Linux operation system
- Connect with broader application - PC / Laptop / Xbox / PS4
- Rigorously selected 3D NAND flash with great performance
- SLC Caching technology improves high speed transmission
- Advanced LDPC ECC technology prevents data R/W error and guarantees reliability.

Interface	USB3.1 Gen 1
Color	White / Black (coming soon)
Capacity	240GB / 480GB / 960GB
Sequential R/W Speed (Up to)	400MB/s (R) 390MB/s (W)
MTBF	1.2 million hours
Dimension	49.5 x 80.0 x 9.4mm
Weight	35g
Voltage	5V, 900mA
Operating temperature	0~70°C
Support OS	Windows XP, Win7, Win8, Win10 Mac OS 10.2.8 later Linux 2.4.0 later
Warranty	3 years
